

Thank you for your purchase. Following are the instructions for downloading your software:

- Go to <http://studentsoftwarediscounts.com/amos28/>
- Follow the instructions on the site.
- After the software has downloaded and you have double clicked on the program file, please follow the prompts on the screen.
  - Your Authorization Code is found below the software link (the one you used to download this file) on the confirmation screen you saw when you completed your order. It is also in the email confirmation of your order below the download link for this document.
- We keep your authorization number on file for only a limited time unless you purchased the [Software Assurance option](#). You are responsible for saving them. If you would like to add the Software Assurance option which guarantees that we keep your authorization number on file for two years, please [click here](#).
- On rare occasions people cannot download the software because of slow internet connections, security settings on their computer or other factors. If you are having difficulties downloading, please purchase the DVD.
